

We're inviting
your school to
get up close and
personal with
planet Earth

This autumn
Bristol Cathedral
will be hosting
Bristol-based
artist Luke
Jerram's touring
artwork, Gaia.

GAIA

OUR HOME PLANET

Gaia helps to make
the scale of Earth
and its beauty, a
reality for all.

Created using
NASA imagery,
the 7 metre
installation is 1.8
million times smaller
than the Earth, with
each centimetre of the
internally lit sculpture
representing 18km of
the Earth's surface.

BRISTOL CATHEDRAL

School Visits

Bring your school to Bristol
Cathedral to take part in a
brand new school visit,
**'How are we responding
to Global issues?'**

The visit will involve spending
time taking in the fascinating
recreation of planet Earth,
learning about why caring for
our Earth is important to Bristol
Cathedral, and how we are
responding to the climate crisis.

Awe Inspiring

There will be opportunities for
awe and wonder, making links
between Christian beliefs and
their lived experiences, reflecting
on pupil's own opinions and
practical activities.

*"I hope visitors to Gaia get to see the
Earth as if from space; an incredibly
beautiful and precious place. An
ecosystem we urgently need to look
after – our only home."*

Luke Jerram

Book Now

2 hour class visits are
now available to book
between **15th October
and 8th November**
